Name Of Program	Target Audience	Purpose	Date & Location	Cost
Camp Invention	Any student entering grades 3-5 looking for enrichment opportunities in the areas of science, engineering and math.	Camp Invention is where your child learns science, technology, engineering, and math in a weeklong experience that taps into the spirit of innovation. No matter if your kid wants to be a rocket scientist, an engineer, or a second baseman, Camp Invention is sure to teach lifelong lessons.	June 5-9, 2017. Boulevard Elementary School- 8:30 pm - 3:00 pm.	Cost to participate:  \$250 per student.
Third Grade Reading Guarantee	All current 3rd grade students who had not reached the required score of 44 for the reading portion on the fall administration of the OST.	This camp provides practice in reading for students who are getting ready for fourth grade. There is an opportunity to take the OST test again during the camp.	Monday - Thursday @ Gearity. June 5, 2017- July 13. Summer OST testing during the week of July 10.	Cost to participate:  No charge.
Arts Camp	3rd-6th grade students. 60 students max includes students from all elementary schools.	This camp provides elementary students the opportunity to learn and practice art skills through music and movement, acting and visual arts activities.	July 10-13 (M-Th) 9:00- 3:00 pm	Cost to participate:  \$50
"I am going to Kindergarten" Camp.	Students who will be beginning Kindergarten in the Fall of 2017.	This camp helps students build Kindergarten Readiness skills and work on early literacy and math	July 31- Aug 15, Monday-Thursdays. Locations- Boulevard, Fairfax, Noble,	Cost to participate:

		development.	Oxford Elementary Schools	No charge.
"I am going to First Grade" Camp	Students who will be beginning First Grade in the fall of 2017	This camp helps students build skills needed to transition to first grade, including a focus on literacy and math development.	July 31- Aug 15, Monday-Thursdays. Locations- Boulevard, Fairfax, Noble, Oxford Elementary Schools	Cost to participate:  No charge.
Algebra Bridge Program	This program is used to accelerate students from on-level 7th grade math to 8th grade Algebra 1, or as an additional instruction and enrichment program prior to or after 8th grade math. This course does not qualify for Algebra 1 course credit, but rather builds the skill set necessary for success in Algebra 1 for either middle school students or high school students.	The Algebra Bridge program strengthens students' understanding of fundamental math and algebraic concepts to provide a solid foundation for success in Algebra 1. The content focus areas include algebraic equations, linear equations, transformations, multiple representation of functions, geometric figures, and graphical analysis.	July 24- August 16. M-TH Daily from 8:30 am – 1:00 pm. The Algebra Bridge Program will take place at Monticello Middle School.	Cost to participate:  \$200
AP Bootcamp	Students scheduled to take their first AP class during the 2017-2018 school year, or for students looking to develop additional skills so they can be successful in the upcoming AP course.	Some of the topics that will be discussed include maximizing time management, developing a note-taking system, forming an effective study group and developing high-level questions through critical reading and writing	August 7-11 at the Delisle Center. 8:30 am - 12:30 pm	Cost to participate:  \$25 for program materials and fees.
