

Schools to Issue Chromebooks to All CH-UH Students in August

With the CH-UH Board of Education's decision to move to all remote learning to open the 2020-2021 school year, the District will be providing a Chromebook to every kindergarten through twelfth grade student before the school year begins. Some families already had one Chromebook issued to them during our spring COVID-19 school closure, but our goal is to make sure that every student has their own device to be successful with online learning in the new school year.

Please make arrangements for an adult to pick up a Chromebook for your child(ren) in a drive-through distribution in the school parking lot according to this schedule:

Please review, print, and complete page 1 of [this paperwork packet](#) if you have access to a printer. If not, you may bring your own writing utensil, and we will have the form for you to complete while you wait in your vehicle. We ask that you please wear a mask as well.

If you have more than one student in the District, you may select one school location to pick up devices for all of your children. If you cannot make it to your child's school on the designated day, you are welcome to select another convenient location/date.

Call the Technology Support Line at (216) 397-5910 if you have any questions.
