

GIRL ENGINEERS CLUB

SCIENCE TECHNOLOGY ENGINEERING ART MATHEMATICS

Come Make, Connect, and Discover with our Girl Engineers Club at Heights Libraries. Girl Engineers brings science, technology, engineering, arts, and math (STEAM), to girls ages 12 to 16. They will collaborate with college students majoring in STEAM related fields to learn about everything from robotics to coding. Prepare to be inspired and empowered about engineering concepts with hands on learning. Register today, and join us for this fun and innovative program for girls. For more information at the Lee Road branch call (216) 932-3600 and (216) 291-5665 at our Noble Neighborhood branch.
