## Nurse's Notes

**It's already October and our nursing team is committed to helping keep your child healthy and ready to learn!**

**Guidelines for school attendance after illness:** It is often a puzzle trying to determine if your child is sick and should remain at home. Here are a few guidelines for keeping children home:

- Temperature over 100 degrees
- Vomiting within 24 hours
- Diarrhea within the last 24 hours
- Skin rash of unknown origin or lesions of draining areas on skin
- Pus and/or excessive drainage from the eyes
- Acute asthmatic problems
- Untreated head lice
- Persistent coughing, sore throat, excessive fatigue
- **ASK YOURSELF:** WILL MY CHILD BE ABLE TO LEARN TODAY?

### MEDICATION POLICY:

NO medications can be carried in school or administered in school without the proper paperwork on file in the nurse's office. Forms are available in the nurse's office and on the district website for both prescription and non-prescription medications.

All medication brought to school must be in the original pharmacy/store container.

**If your student has health concerns, has medication that must be administered during school hours, or if you have any questions, please call the school nurse.**

## PBIS FOCUS: COMPASSION

When each one of us shows concern for one another, we collectively make our world a better place. During the month of November, let's strive to show compassion to those who are weary and agitated. Speak in a gentle tone. Smile. Lighten someone's heavy load. Show empathy.
