Join us to find out how our organization benefits each elementary and middle school building in our district.

In January, 2018, ROXARTS partnered with Heights Schools Foundation (HSF) to create RoxARTS in Tiger Nation making \$2000 available to every Elementary School in the district per academic year earmarked for arts and science enrichment.

Since 2016, ROXARTS has supported both Roxboro and Monticello Middle Schools with a \$3000 grant per school.
