

# Give Your CH-UH Tiger a Boost This Summer

We are excited to inform families about the online learning opportunities available to **all** Cleveland Heights-University Heights school district students this summer. CH-UH has been looking at the current research on what is termed the “summer loss in learning” and the findings are convincing. Research indicates the following:

- Most young people experience learning losses when they do not engage in educational activities during the summer.
- On average, students lose approximately 2.6 months of grade-level equivalency in mathematical computation skills over the summer months.
- Some students can lose about 2 months of reading achievement.

The good news is 2-3 hours per week of educational activities can help reduce or prevent learning loss. Your child can use their district chromebook or personal computer/tablet to access these resources through Clever. ***Students will be entered to win one of five gift cards to Tommy’s Restaurant if: Grade 6-12 complete at least 1 Edgenuity Booster Course or Grades K-5 complete 60 minutes of Exact Path per week.***

Exact Path provides targeted instruction giving students exactly what they need to propel learning; **Grades: K-12 Reading & Math**

Edgenuity Booster Courses help to prepare students for the next grade level using direct/explicit instruction of critical skills. Courses are customized based on a pre-assessment to ensure each student gets exactly what they need. **Grades: 6-12 Reading & Math**

Brainpop & Brainpop Jr. provides interactive learning using videos, games, and quizzes. **Grades: K-8, all subjects**

PBS LearningMedia brings the world to you. Interactive learning for all subject areas. **Grades K-12, all subjects**

Free STEM courses for HS math and science. Click [here](#) to access

**Be sure to include social & active outside time:**

- Turn cooking & eating into math with **pizza fractions**
- Watch a movie & discuss the setting, characters, & plot
- Practice writing by creating a comic book or sending postcards to friends & family members
- Visit a [park](#) or [museum](#)

**[YAY! Saturdays at Wade Oval](#)- child centered art, activity, and adventure**
