Elementary Instructional Time

Superintendent Doug Heuer stated one of the primary objectives given to him as superintendent was to find ways to pursue academic excellence. Research is very clear that instructional time is a key factor in generating strong academic results at the elementary level. At the primary level, Grades K-3, the District has 300 minutes of instructional time each day. In Grades 4-5, there are 315 minutes of instructional time each day. In the former district Superintendent Heuer worked with, there were 345 minutes of instructional time per day.

Educational Services Department conducted a survey comparing instructional minutes of sixteen neighboring school districts. The results showed these other districts spend fifteen minutes to an hour **more** in instructional time every day. With our expectations of excellence in education, this is unfair to both our students and our teachers.

In order to reach our achievement goals, a level playing field is needed. This means providing an adequate amount of instructional time. Joseph Micheller-Interim Assistant Superintendent, Nylajean McDaniel-Director of Human Resources, Stephen Shergalis-Director of Business Services and Sally Levine-Director of Elementary Education, put together the logistics involved in lengthening the elementary day and presented this information to the Board. The focus of the additional instructional time will be on mathematics.

Information will be distributed to parents explaining the impact this change would have on them and their children. Once additional feedback is collected, the Board will convene on January 12, 2010 to discuss whether to move ahead in the second semester of the current school year or to delay until the beginning of the 2010-2011 school year.

Superintendent Doug Heuer announced that we will be visited by the State Superintendent of Public Instruction, Deb Delisle, on Thursday, December 17, 2010, at 6:30 p.m., at an event hosted by State Representative Barbara Boyd at the Cleveland Heights Community Center. This will be an open meeting discussing the state budget and its implications on education in the state of Ohio.

Superintendent Heuer stated that the Teachers' Union has requested additional input on the 5000 series for Board policies, thus delaying the third reading and adoption of this policy series. Further discussion will be held at the special Board meeting on January 12, 2010. The third reading and adoption will occur on January 19, 2010 at the Board work session.

WHEREAS, this Board intends to offer the Property for sale at public auction in accordance with Section 3313.41 of the Revised Code.

NOW, THEREFORE, BE IT RESOLVED by the Board of Education of the Cleveland Heights-University Heights City School District, Cuyahoga County, Ohio, that:

- Section 1. Need for and Value of the Property. This Board finds, determines and declares that the Property (i) is no longer needed for any school purpose and (ii) exceeds \$10,000 in value.
- Section 2. <u>Start-up Community Schools</u>. This Board finds, determines and declares that there are no start-up community schools established under Chapter 3314 of the Revised Code located within the territory of the School District to which this Board must offer the Property for sale pursuant to Section 3313.41(G) of the Revised Code.
- Section 3. <u>Authorization of the Sale of the Property</u>. This Board hereby approves and authorizes the sale of the Property by public auction in accordance with Section 3313.41(A) of the Revised Code, subject to the terms and conditions of the sale provided for in this Resolution, to the highest bidder after giving at least 30 days notice of the public auction by publication in a newspaper of general circulation in the School District or by posting notices in five of the most public places of the School District.
- Section 4. <u>Terms and Conditions of the Sale</u>. The sale of the Property shall be upon the following terms and conditions and such other conditions of sale for the Property that are consistent with this Resolution and in the best interests of this Board and the School District as may be determined by the Superintendent and the Treasurer:
 - a. The auction shall be conducted on a date as determined by the Superintendent and Treasurer.
 - b. The sale shall not be final until the successful bidder's bid and offer to purchase is accepted by duly adopted Resolution of the Board and written notification of such acceptance is delivered to the successful bidder by the Treasurer. The Board reserves the right to reject any or all bids.
 - c. At the time of the completion of the auction, the highest bidder shall deliver to this Board cash, a certified or cashier's check payable to the Board, in an amount equal to ten percent (10%) of the bid price, as security for faithful performance should the bid be accepted. The deposit shall be applied to the purchase price in the event the bid is accepted by this Board.
 - d. Final payment for the Property, which shall be the difference between the security deposited with the Board pursuant to Section 4c. of this Resolution and the amount of the bid, shall be made in cash, or by certified or cashier's check payable to the Board, at the time of transfer of title.

Section 5. <u>Approval and Execution of Related Documents</u>. The President or Vice-President and Treasurer of this Board and the Superintendent, or such other School District officials as shall be designated by those officials, as appropriate, are each authorized and directed to sign any certificates or documents, and to take such other actions as are desirable, advisable, necessary or appropriate, to consummate the transactions contemplated by this Resolution.
